

# MEMORANDUM

110448

TOWNSHIP OF BRISTOL

TO : Mr. Leon Forman, Acting Director License & Inspections

FROM : Richard A. Vinet, Township Manager *Richard A. Vinet, fmd*

DATE : September 25, 1975

SUBJECT: Complaint - Elm Avenue, Croydon

110448

The complaint from the residents on Elm Avenue in Croydon, appears to have two elements to be solved:

1. Drainage from the Owens-Illinois Plant vicinity is causing water problems to the resident of 211 Elm Avenue. Please direct this matter to the Township Engineer for a solution.
2. The fact that this drainage water contends a substance that is killing foliage should be relayed to the Environmental Resources Department of the Commonwealth of Pennsylvania for further investigation. The water sample we obtained should be submitted to them for analysis.

Please initiate appropriate action as soon as possible.

RAV/bc

cc: Commissioner C. Cotugno

*Engineer at Owens & Illinois have found cause of trouble  
dye or sub seeping into drainage ditch, they are correcting  
problem but it will take time.*
